EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. Authorization for this examiner's amendment was given in a telephone interview with Timothy D. MacIntyre (Reg. 42,824) on March 6, 2006.

3. The application has been amended as follows:

In the claims

Claim 1

In the last line of claim 1, after the phrase "the network" please replace "." with "--;" and insert the following --disregarding the change command as being an invalid request when the initial configuration state indicated by the change command does not correlate to the current configuration state of the network.--

Claim 3

Please cancel claim 3.

Claim 4

Please cancel claim 4.

Claim 7

In the last line of claim 7, after the phrase "the current configuration state of the network" please replace "." with --;-- and insert the following --disregarding the storage allocation command as being an invalid request when the storage allocation command is not expressed in terms of the current configuration state of the network.--

Claim 8

Please cancel claim 8.

Allowable Subject Matter

4. Claims 1-2, 5-7, and 9-16 are allowed.

5. This communication warrants no examiner's reason for allowance, as applicant's reply makes evident the reason for allowance, satisfying the record as whole as required by rule 37 CFR 1.104 (e). In this case, the substance of applicant's remarks filed on February 14, 2006 with respect to the amended claim limitations point out the reason claims are patentable over the prior art of record. Thus, the reason for allowance is in all probability evident from the record and no statement for examiner's reason for allowance is necessary (see MPEP 13202.14).

6. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
